ALHAMBRA GETS FINE FEATURE

Marguerite Clark Tomorrow in
Most Sparkling and Cheer-
ful Picture Wished For

"All women are easy to get if you use the right system." A bride of two hours—just started on her honeymoon—and that's what she heard her husband tell a friend! So she stopped right off the train at the next stop—plunged into a roaring whirlpool of the wildest adventure. And before Hubby "got" her—well, you'll say he had to go some! The "Sunniest Girl in Pictures" in a tale of a hundred laughs by Isola Ford, writer and Mann Page, scenario by Julia Crawford Ivers. Directed by Walter Edwards.—Adv.

Roving Marines and Band Here Tomorrow

The Roving Marines, with their famous Marine Corps band from the west coast, will arrive in Ogden tomorrow morning at 10 o'clock. Arrangements are being made for band concerts in the afternoon and evening.

After appearing at Logan the Roving Marines are ordered to duty at Marine barracks, Mare Island, Calif. Dorothy Philipps in "Paid in Advance" at the Lyceum today. Coming tomorrow Frank Mayo in "The Brute Breaker" (First run in Ogden) and Warner Oland in "The Third Eye"—Admission 6c and 10c.

Keep Them Moving

THE next best thing to "swatting the fly" is driving him away. The sweeping breeze of an electric fan will keep flies from sleeping infants (or adults) and from exposed food on dining table or in kitchen.

A G-E fan costs but a trifle to operate and insures cooling breezes and protection from flies. We have sizes and types to suit every requirement.

GUARD REVIEW AT FT. RUSSELL

Utah and Idaho Units in Re-
treat Parade Before High
Officers

CAMP E. A. WEDGWOOD, Cheyenne, Wyo., June 23.—Utah and Idaho national guardsmen were reviewed by three adjutant generals at retreat parade last night. The officers were Col. L. V. Patch, Colonel McCoy and Lieut. Col. Fred C. Jorgenson. Col. Robert H. Noble, officer in charge of militia affairs, western department, and Maj. W. W. Gordon, commandant, were also with the reviewing officers when the squadrons of cavalry, unmounted, passed the reviewing stand. Formal guard mounts are being held every night in place of the handicap of field work. The various troop messes are said to be exceptional and the men are in high spirits. Work has been progressing rapidly and the guardsmen now rival the regulars of the fort in many of the field maneuvers.

The troops have advanced to the 500-yard range in small arm practice and should be able to complete the full range course for organized militia before breaking camp. Considerable joy reigned in the Utah and Idaho camps here tonight when it was unofficially reported that Maj. W. W. Gordon, commanding officer, had passed examinations successfully for an advance in rank in the regular army. He took his examination before Col. T. B. Duncan, commanding officer of Fort D. A. Russell of the Fifteenth cavalry.

Mary Doyle Wins Case Before Judge Pratt

Decision made by Judge A. E. Pratt yesterday in the district court in the case of Mary Doyle against William Doyle, Daniel Doyle, Margaret Brown, Michael Doyle and Bessie Speak, bars the defendants from asserting any claim or title to land owned by Mary Doyle at the beginning of southwest corner of lot 20, block 4, South Ogden survey. The defendants are alleged to have claimed interest in the property.

Traffic Officer Is Director at Party

Officer William Dick, who directs traffic at the corner of Twenty-fifth street and Washington avenue, enacted a new role last night, and directed festivities at the surprise party given in honor of his wife's birthday anniversary by a number of friends.

Weber Lodge No. 6 Free & Accepted Masons

Special and closing meeting, Thursday, June 24th, 7:30 p. m., for work in M. M. Deane. Refreshments served after work.

By order of the W. M., F. E. NICHOLS, Sec'y.

HEALTH RULES FOR CAMPERS

State Board Prescribes Regulations for Summer Vacationists

Rules and regulations regarding camps, and summer homes built upon the banks of streams in the mountains and canyons, have been issued by the Utah state board of health. The regulations have been prepared as follows: "All persons living in the open or in camps, tents, or other temporary shelters shall exercise every proper and reasonable precaution to dispose of waste, so that springs, lakes, reservoirs, streams and other watercourses shall not be polluted.

"For every camp there shall be provided convenient and suitable toilet facilities, approved by the state board of health.

"If such be more than 200 feet from the water's edge of any spring, stream, lake or reservoir forming part of a public or private water supply, it shall consist of a pit at least two feet deep, with suitable shelter over the same. No such pit shall be filled to nearer than one foot from the surface of the ground, and the contents shall always be covered with earth or ashes. If the camp is to be occupied for more than six days between May 1 and November 1, the shelter and pit shall be inclosed in fly netting.

"If such be between fifty and two hundred feet from the waters of a spring, stream, lake or reservoir, forming part of a public or private water supply, there shall be no pit, but sewage shall be received in a water-tight tub or bucket and periodically, as often as may be found necessary, shall be taken away and disposed of. Such toilet shall be properly screened against flies and kept in a clean and sanitary condition; the pails or buckets shall not be allowed to fill so that they overflow or spill in carrying, and the construction of the toilet shall be such that the convenient removal and replacement of the tubs or buckets is facilitated.

"All garbage, kitchen wastes, and other rubbish in camps shall be deposited in suitable covered receptacles which shall be emptied daily or oftener if necessary, and the contents burned, buried, or otherwise disposed of in such a way as not to be or become offensive or unsanitary.

"Whenever a camp is established on the banks of a spring, lake, reservoir, stream or other watercourse which is a source of water supply, no bathing or washing by the occupants of said camp shall be allowed in said springs, lakes, reservoirs, streams or other watercourses."

FIFTEEN COOLING COUPLES GIVEN WEDDING LICENSES

It was not necessary yesterday in the county clerk's office to peep at the calendar to determine that it is the month of June. All day long, excited couples flowed through the doors and kept the marriage license clerks working almost without pause. It was the record breaking day of 1920 for the number of licenses issued. At the closing hour last evening the books showed that fifteen couples had been given official permission to be wed. Only one couple, however, selected the courthouse as a place to tie the final knot, the others scattering to churches throughout the city.

Ogden Detective Gets High Yeoman Honors

Detective Walter Moore of the Ogden police department, was elected Grand Chief Yeoman of the newly formed state organization of the Brotherhood of American Yeomen.

The election took place at the Newhouse hotel in Salt Lake last night, and about 60 delegates, 15 of whom were from Ogden, took part. Other officers who were elected were Conrad Whitton, assistant grand chief, of Salt Lake; G. P. Vick, of Salt Lake, grand scribe, and J. A. McNeal, grand treasurer.

Officers of the organization, together with number present who were eligible, were conferred the degree of Rhamanathus, the highest degree that can be conferred in the Yeomen fraternal organization.

Douglas Says He's for Wattis for Governor

Royal J. Douglas, former army captain, now a practicing attorney at Ogden, who has entered the Republican primaries with a view to obtaining the Republican nomination for the position of district attorney announced today that incorrect statements have been circulated in connection with his stand on the governorship.

It has been reported that I am favoring George T. Odell as against W. H. Wattis of Ogden. Mr. Douglas said: "This is a mistake. I am an ardent booster for Mr. Wattis in connection with the plan to make him the Republican nominee for governor of Utah."

Ogden-Salt Lake Paved Road Ready by July 24

The Ogden-Salt Lake highway, completely paved, will be thrown open to travel July 24, allowing motorists to travel from Smithfield to Spanish Fork, with the exception of a stretch from Brigham City to Wellsville, according to an announcement made yesterday by George F. McGonigle, state engineer. The Ogden-Salt Lake road is now completed with the exception of a one and one-half mile stretch near Farmington. This will be ready for travel July 24, it was announced.

THIRD PARTY'S AIMS TOLD HERE

Harold Williams of the "Committee of Forty-eight" Talks at Central Park

Harold Williams, member of the committee of forty-eight, addressed a crowd in the city hall park last evening. Williams said, the third party, organized on the aims of the new third party which it is intended to organize at a convention to be held in Chicago, July 10 to 14. At that time, Williams said, the third party, non-partisans, Veterans' league, single taxers and a number of other groups will be in convention there and a great meeting at which the amalgamation into a liberal or radical party will be carried out is called. The socialist groups will also be invited to join so as to present a solid front against the two major parties.

The three planks in the platform to be presented, the shore ever drawn, Williams declared, will advocate public ownership of all transportation systems and natural resources, coal, oil, minerals, and lumber, heavy taxation on tracts of land held for speculation, and full exercise of the constitutional right to free speech, free press and the right of peaceful assembly. Leaders in the movement are Governor Frazier of North Dakota, the non-partisan champion, and Senator Robert LaFollette of Wisconsin, the speaker declared. The name of Eugene V. Debs was heartily applauded as was the statement that the capitalist classes desired universal military training to facilitate seizure of the rich natural resources of Mexico.

Williams asserted that both political parties were dominated by the reactionary capitalist interests and that "no matter which side wins, we lose." Harding, the "greatest reactionary of all," was chosen weeks before the "puppet delegates" ever assembled in Chicago and "awaited the results of the political dickering." Williams added. He also bitterly assailed General Palmer for his "Prussianized autocratic" conduct of the department of justice during the war. The "controlled press" also came in for a share of his condemnation.

Any man who stands up and appeals for a change of government and a realignment of industrial conditions and is so branded all over the nation, the speaker declared, even though he advocates the use of the ballot. He told of the alleged propaganda sent back by officers of the military, educators and others in which military training and government control of the sources of education were advocated.

About three hundred persons heard the address. Williams spoke on the third party idea Sunday in the Liberty park at Salt Lake. Parley Christensen of Salt Lake took charge of arrangements for the address here.

CONVENIENCES FOR TOURISTS

Ogden Auto Camping Grounds to Be Provided With Many Improvements

Motor tourists who chug into Ogden tired, dusty and hungry after a day of hard travel overland, within a few days will find Ogden ready to receive them in royal style at the tourist camping grounds on the Logan Farm park, according to an announcement made today by Chris Flygare. Through joint activities of the city and the Ogden Chamber of Commerce, dining facilities are being constructed, a huge fireplace is being built and cement is being laid for a washing stand for automobiles. In addition the women members of the motor parties will be afforded all conveniences of the modern home in permanent wash tubs and places where they may attach their electric irons and put the family clothes in spin and spin condition. The entire installation of the features will be completed within a few days, Mr. Flygare said, and Ogden will be the tourist's convenience equal to that offered by any other city in the West.

Juvenile Offenses in Ogden Decrease

Juvenile court report for May, recently completed, shows a falling off of crime among the younger generation as compared with the figures of April. There is an approximate decrease of 10 per cent in juvenile crimes this summer, it is stated.

Twelve youths were haled before the court for violating the traffic ordinance. But three cases of truancy occurred. Five were found guilty of malicious mischief, like throwing rocks at doors, or shooting rocks from a "flipper" through street car windows. One boy used tobacco and was caught. Two were found to be growing up in idleness and measures to correct their mode of living were taken.

Petit larcenists seem to have been quite numerous, thirteen having been taken into custody. Four youngsters were classed as incorrigible, and five others were guilty of miscellaneous offenses.

None were sent to the juvenile court, while twenty-four were either fined or placed on probation.

Dismiss Butler Case; New One Preparing

Dismissal of the case of George H. Butler, administrator of the estate of Ormond H. Butler, against the Oregon Short Line railroad, in which \$30,500 damages were asked for the death of Ormond Butler in 1919, was made yesterday by Judge A. E. Pratt in the district court. George Butler sued for \$30,000 for the death of Ormond Butler, who was killed while attempting to drive his automobile across the railroad tracks at the intersection of the crossing. The plaintiff claimed the train that struck the automobile failed to give warning. Damages of \$500 were also asked for the wrecked automobile.

It was said today that another case is being prepared by Mr. Butler against the railroad company.

SMITHSONIAN EXERCISES SET

Diplomas Will Be Awarded to Graduates Next Friday Evening

One hundred and twelve students of the Smithsonian college will be graduated at the Twenty-ninth annual commencement exercises to be held Friday evening in the Methodist Episcopal church. The program will open at 8:15 o'clock and will consist of the following numbers:

Prelude. Orchestra
Invocation. Rev. Christian R. Garver

Stenographic Class, 1920 Summer School—Elvera Burkland, Alice Clark, C. Neta Madsen, Lavina Rock, Lilly Eastman, Meda Stone, Wilhelmina Verham, Florence Ware and Zola Ballantyne.

GYPSY BESPEAKS GRIEF WHEN COPS CLOSE HER BOOTH

That even rarefare Gypsies have troubles was demonstrated at the police station when a middle aged woman clad in brilliant ten-piece garments, called at the police station and sought restitution of certain rent money which she said she had paid for a fortune telling establishment from which she had been ejected by the police.

The woman, before obtaining a license from the city, established a booth on Hudson avenue near Twenty-fifth street, and sub-rented the place from another tenant. Then the police compelled her to abandon her temple of Palmistry. The gypsy woman is now seeking \$20 which she claims to have paid for the establishment while the man to whom she paid the money claims that it is no fault of his if the woman was compelled to leave and that he does not feel inclined to return the shekels.

Men Held Under \$1000 Bail on Fraud Charge

Edward Ross and A. R. Raddick, who were arrested in Pocatello upon a charge of grand larceny, were returned to Ogden last night by Deputy Sheriff Joseph Chadwick and lodged in the county jail. The complaint was sworn to by the American Railway Express company.

Ross is alleged to have impersonated K. L. Kenner and to have obtained possession of a suitcase at the Union depot containing electrical workers' tools. It is said that he saw the owner pack the case in Wyoming and upon arrival in Ogden explained at the express office that he had lost his receipt and would identify the contents of the grip. After he had procured the suitcase the owner appeared with the receipt, it is said.

It was said that when Ross was arrested in Pocatello Raddick was in his company and was also placed under arrest. The officers will investigate Raddick's connection in the case. Both were before City Judge D. R. Roberts this morning. Pending their preliminary hearing they were placed under \$1000 bail.

MOOSE TO ENDOW HOME FOR DEPENDENT CHILDREN

MOOSEHEART, Ills., June 23.—An endowment fund of \$100,000 for the vocational school and farm for dependent children of members of the Loyal Order of Moose was pledged today by delegates to the international convention. Each of the 600,000 members will be asked to subscribe \$5. "Rag Village" was dedicated.

The South African buffalo in old age becomes almost completely hairless.

OWEN BENNETT, Prop.
On Hudson Avenue by the Alhambra Theatre

Accessories Removed From Ogdenite's Car

Auto accessory thieves are beginning to work in Ogden, several reports of such thefts having been reported at the police station during the past few days.

John Paul reported late last night that a car belonging to him, a Buick, with a pump, a jack and several automobile wrenches, had been stolen from his car. In addition to the automobile accessories, there seems to be a gang of boys at work whose practice is to steal a bicycle, remove such parts as they can use, or easily dispose of, and leave the remainder of the bicycle. At the police station this morning a comparatively new bicycle, sans seat, handle bars and wheels, bore evidence that this sort of work is being done.

Road to Canyon to Be Repaired in Week

Within six days the entire approach to Ogden canyon, from Twenty-third street to the Sanitarium, will be completed by a road working crew who are filling in all holes in the highway and smoothing off rough spots, according to Chris Flygare, city street commissioner. The repair crew is using the city's portable asphalt machine and is moving along at a rate of 500 yards daily. Tarpis is being used to fill in the depressions.

Baby Buggy Stolen; Proprietor Puzzled

The proprietor don't know what to think of it and the police are puzzled but the act remains, according to a statement received at the station today, that a baby buggy was stolen from the Bothwell Second Hand store last night. The buggy had a blue lining and was upholstered in portions with brown imitation leather. The proprietor stated that if he knew the buggy would be used for the purpose which it was originally intended, he wouldn't mind it being stolen to some one stealing it and selling it he said.

It was common custom of the Vikings to bury a warrior king aboard his ship.
